The Department for Transport, Local Government and the Regions sponsors a wide range of research into traffic management issues. The results published in Traffic Advisory Leaflets are applicable to England, Wales and Scotland. Attention is drawn to variations in statutory provisions or administrative practices between the countries.

The Traffic Advisory Unit (TAU) is a multi-disciplinary group working within the Department for Transport, Local Government and the Regions.

The TAU seeks to promote the most effective traffic management and parking techniques for the benefit, safety and convenience of all road users.
